EMR requires that candidates spend time working on the ground. Please be advised that to be successful and certified, candidates will be expected to perform skills in the classroom setting working in similar conditions. If you have any pre-existing conditions that could be made worse by kneeling, or rolling on the ground, please ensure that you bring these to the attention of your instructor(s).

FACTS Ltd is committed to the safety of our staff and students.

Please sign to indicate the applicant acknowledges the terms and conditions outlined above.

Applicant's signature (electronic or hand written)
